Specialized Transmission Equipment

Off-Road Haulers

Road Tractors

Box Drop Deck Trailer

Low Bed Trailer, 35-50 ton

Aerial Bucket Truck, 50'-55' reach

Digger Derrick Truck

Mat Handler Aerial Lift, height 55'-120' track

Digger Derrick Tracked

Dump Carrier Tracked

FlexTrack Vehicle

Tracked Trailer

Wire Trailer

Rope Tensioner Trailer

Puller / Tensioner Trailer

Three Reel Trailer

Boom Trucks, 8-23 ton

Pole Transport Trailer

Bulldozer

Excavators

Rough Terrain & Carry Deck Cranes

Transmission, Substation & Distribution Experience

53 MILES - 345 kV TRANSMISSION LINE

9 ACRES - 345 / 115 kV SUBSTATION

GAS INSULATED SUBSTATION

27.2 MILES - 115 kV TRANSMISSION LINE

EPC PROJECT - 34.5 / 115 kV
WIND FARM COLLECTOR SUBSTATION

345 / 115 kV SUBSTATION

BRIDGE CONTROL SYSTEMS
SUBMARINE / CATENARY

115 kV SECTION REBUILD

10.1 MILES - 69 kV TRANSMISSION LINE

65 MILES - SUBSEA HVDC CABLE

NEPTUNE CONVERTER STATION

CATENARY CABLE SUPPORT SYSTEMS

345 / 115 kV SUBSTATION

115 kV SUBSTATION

ENERGY REPAIRS

why CIANBRO

safety

Our Goal: Eliminate at-risk behavior & achieve zero injuries.

Our Philosophy: "Every team member leaves work in the same condition in which they came."

Behavioral Safety Strategy

Industry Leading Programs

Site Specific Planning

environmental awareness

Dedicated Professional Team Members

Weekly Environmental Meetings

Onsite Environmental Awareness Training Process

Site Specific Environmental Safety Plans

Utilization of Best Management Practices (HELO)

training

Transmission & Distribution (T & D) Educational Program which:

- Differentiates between T & D Construction / Maintenance
- Focuses on "Need-to-Know" Skills
- Requires Successful Demonstration of Competencies Prior to Field Assignment
- Monitors & Assesses Successful Transfer-of-Skills to actual T & D Environment
- Provides Opportunity for Enhancement-of-Skills / Competencies

quality

Quality Program Compliant with ISO 9001-2000

Inspection Test Plan (ITP) Integrates Project Specifications into Quality Plan

Commitment to Quality Programs: ASME, SSPC, AISC

Full Time Quality Control Inspectors

project controls

Procurement / Inventory Controls

Cost Reporting & Forecasting

Scheduling & Resource Loading

Quality Tracking & Productivity Measuring

scope of services

- Construction
- Engineering, Procurement & Construction
- Contract / Construction Management
- Submarine Cable
- Energy / Restoration Services
- Transmission Experience
 - Aerial
 - Cable
 - Fiber Optics (OPGW)
 - Live Line
- Substation
 - Civil
 - Steel Fabrication & Erection Services
 - Electrical

what separates us from our competitors?

Our People.
